

From pipeline services to full operational protection—integrity is behind everything we do.

INVENTORY MANAGEMENT. ELECTRICAL SOLUTIONS. COATING SYSTEMS. SHAWCOR SERVES MULTIPLE MARKETS AND INDUSTRIES ACROSS THE GLOBE, ALWAYS ADVANCING TO DO MORE TO PROTECT THE ASSETS OF OUR CUSTOMERS.

But one thing remains constant: **We put integrity first.** It's the foundation on which we were built. And it's not just in how we operate—it's behind every product we engineer. It's part of every new project we take on. And it's the promise that we give our customers. They've trusted in us for 85 years to engineer and develop, build and innovate—but namely, to protect the assets that they rely on in the industries that keep our world running.

To keep all moving parts moving efficiently, it takes the leading integrated energy services company to deliver.

For the last 45 years, we've served as the world's largest provider of advanced pipeline coating systems. Today, we're even more. By unifying the market-leading products and services of our companies under one name, we're able to deliver full-service and fully integrated customer solutions that address your most important challenges—staying protected, productive and profitable.

OUR OFFERINGS INCLUDE:

- The design and manufacturing of spoolable composite pipe
- Field-applied pipeline coating systems and services
- Pipeline safety logistics
- The widest range of advanced coating solutions in the industry
- Tubular management services
- A range of traditional and specialty inspection services
- Specialty wire and cable products
- Heat-shrink tubing, sleeves, moulded products and kits
- Pipeline engineering and integrity management consulting

INNOVATIONS IN THE WORKS

Look for new Shawcor solutions to arrive in the future:

- Integrated static data tracking
- Flow and performance optimization
- Real-time infrastructure evaluation
- Predictive modeling and diagnostics
- Lifetime integrity management
- Subsea infrastructure power and controls
- Complete downhole asset management

When your operations span across the globe, we're right there with you.

With project expertise and manufacturing and service locations in key regions around the world, we're able to support every step of your operations—wherever they might be.
